Attention: Glenn Welch

Dear Glenn,

The intent of my letter to you is to thank you for your commitment over the past 12 years with regards to the service and dedication you and your staff have provided to Glen Gardens.

Prestige Mechanical has undertaken some large projects here at Glen Gardens with regards to our boilers, air return units and of course all the plumbing issues the co-op has been saddled with. Your guys have always been professional, courteous and friendly and we thank you and your staff for that.

It is comforting to know whatever time of the day or night a problem arises Prestige is there to answer the call and that you go above and beyond the call of duty.

I would not hesitate for a second to recommend Prestige Mechanical to anyone who may be in the market for a HVAC company.

We at Glen Gardens look forward to many more years of having Prestige service all our HVAC and plumbing needs.

Sincerely

Gerard Mc Donald
Administrative Assistant/Maintenance Supervisor
